Education

City University of New York, BMCC · A.S. in Computer Science — New York, NY | *Jan. 2025 – Jan. 2027*
GPA: **4.0**

Myanmar Maritime University · B.S. in Nautical Science — Yangon, Myanmar | *2010 – 2014*

Technical Skills

Languages: C++, C#, Java, JavaScript, TypeScript, Python, SQL, HTML/CSS
Frameworks & Libraries: .NET, React, Node.js, Express.js, Sequelize, Mongoose, Qt, Tailwind CSS
Databases: PostgreSQL, MongoDB
Tools & Platforms: Git, GitHub, Docker, Postman, Linux/Unix, Vercel, Render
Concepts: REST APIs, Object-Oriented Programming, Data Structures & Algorithms, Agile/Scrum

Experience

Software Engineer Intern · *Universal Processing LLC* · Manhattan, NY — *Jun. 2026 – Aug 2026*

- Designed, developed, and deployed a **C#/.NET KPI Tracker** for **10+ marketing users**, replacing manual spreadsheet reporting with centralized submissions, automated KPI scoring, and administrative review.
- Engineered **end-to-end submission and approval workflows** using **C#, PostgreSQL, and SQL**, supporting individual and shared entries, category assignment, KPI point allocation, and data validation.
- Collaborated with marketing stakeholders through **product demos and User Acceptance Testing (UAT)**, translating business requirements and feedback into UI, functionality, and workflow improvements.
- Diagnosed and resolved application defects through **root-cause analysis, regression, integration, and end-to-end testing**, strengthening data accuracy, application reliability, and production readiness.

AI & Education Technology Intern · *PYE Education Center* · New York, NY — *Jul. 2026 – Aug. 2026*

- Designed **AI system prompts and model guidelines** across **3 core areas**—age-appropriate responses, harmful-content prevention, and misuse protection—guiding students through problems without directly revealing answers.
- Developed and refined **interactive AI lesson modules** for an educational program serving approximately **100–250 students**, using HTML, CSS, JavaScript, and SQL with Git/GitHub for version control and collaboration.
- Conducted **supervised user testing** with students, identifying interaction patterns, usability issues, and confusion points and translating findings into improvements in lesson flow, navigation, and user experience.

AI & Software Innovation Intern · *CUNY 2x Tech @ BMCC* · Manhattan, NY — *Mar. 2026 – May 2026*

- Built and deployed an AI-powered resume builder using **JavaScript, GitHub, and Vercel**, helping **30+ BMCC students** strengthen resume content and prepare for job applications.
- Coordinated and connected students with opportunities from **CareerStar, Commonpoint, Prometheus, CUNY Tech Prep, and Year Up United**, supporting career-resource outreach and student participation.
- Helped lead an **AI & Job Search knowledge-sharing workshop**, teaching students practical ways to use AI for resume improvement, job discovery, and application preparation.

Projects

Student Marketplace | Full-Stack Web Application — *Aug. 2026*

- Built a **full-stack marketplace** using **React, Express.js, PostgreSQL, Sequelize, and JWT**, implementing secure CRUD operations and ownership-based authorization.
- Implemented **real-time messaging and video** with **Socket.IO**, seller reviews, and user profiles; resolved Vercel/Render deployment issues affecting chat and WebRTC signaling.

SafeYork (Guardian AI) | AI Safety Application — *Apr. 2026*

- Led a **4-person team** to win **3rd Place** at the **CUNY AI Innovation Challenge**, developing an AI-powered safety app with SOS alerts, trusted contacts, and location sharing.
- Developed **Guardian AI** features and presented the solution to **Google and IBM professionals** and industry judges.

Additional Experience

Driver Partner · *Uber & Lyft* · New York City, NY — *Jun. 2023 – Present*

- Maintain a **4.9-star Uber rating** and **5.0-star Lyft rating** through safe driving, reliable service, and customer communication.

Merchant Marine Officer · *Toyofuji Shipping / KSK Management* · Nagoya, Japan — *2015 – 2021*

- Operated ship navigation systems and supported voyage planning, cargo watch, bridge operations, and international maritime operations.

Honors & Leadership

Student Government Association (SGA) Representative · BMCC
Phi Theta Kappa Honor Society Member · Alpha Alpha Alpha Chapter, BMCC
Dean's List · BMCC, Spring and Fall 2025 — Spring 2026
